INTRODUCING ROCKFIELD MINING AND CONSTRUCTION LIMITED

The intention of this Business profile is to present a snapshot of the core competencies of Rockfield Mining and Construction Limited (RMCL), an organization with technical expertise in the mining and construction industry.

Rockfield Mining and Construction Limited (RMCL) is a Ghanaian company incorporated as a limited liability on November 13, 2013 and commenced operations on the same day. RMCL is a mine support service provider licensed by the Mineral Commission of Ghana. The principal object of the company is to undertake works including buildings, refurbishments, civil works, drainage works and supply of construction and earthwork equipment and vehicles to mining companies, corporate bodies and private individuals at all efficient cost, quality and time.

Rockfield Mining and Construction Limited(RMCL) is a lisenced mine support service provider for the provision of earth moving equipment, excavation, haulage and auxiliary mining construction services to licensed corporates and individuals operating in the mining sector.

At Rockfield Mining and Construction Limited(RMCL), the provision of swift, genuine customer-focused solutions is foundation for our success. By delivering profitable and value adding solutions, we provide our clients with a competitive advantage that helps drive their success.

Rockfield Mining and Construction Limited(RMCL) is committed to excellence and has maintained a reputation for delivering cost effective highly productive equipment and services to our clients. We give you value for your money by ensuring that, our prices meet the budget of every client in our target market

Rockfield Mining and Construction Limited is committed to working in clean environment paying strict attention to safety standards and clients' environmental policies. RMCL has over the years worked with and retained the best local and non- local expertise in the construction business. This team of professional tradesmen and engineers are particularly familiar with the extraction industry (mining), best practices in safety, health and environmental Policies to which they have fully complied.

Dear Sir/Madam,

VAT REGISTRATION

We wish to inform you that you have been registered to collect 18% VAT on your supplies on behalf of the state.

Additionally, you are required by the National Health Insurance Act (Act 650) to collect 2.5% levy for the National Health Insurance Fund.

You have been issued with a VAT Certificate, which indicates the date from which you have been registered and which you must display prominently at your principal place of business.

You are required to charge and account for 18%VAT and 2.5% NHIL respectively from the date shown on the certificate.

VAT and NHIL return form covering outstanding periods and the current period have also been issued to you. Outstanding VAT returns and payment should be submitted within one month of the end of the period. Outstanding NHIL returns and payment should be submitted and the VAT and LEVY due paid by the last working day of the month following the month of trading. Failure to comply will result in penalties, assessments and interest being incurred.

If you have any difficulty in completing the returns you should contact the GRA office without delay for assistance.

Yours faithfully,

PHILIP KANKAM
(AG HEAD - STO)
for Commissioner-General
fina.

Integrity, Fairness, Service.
